

KEUKA LAKE VINEYARDS

FINE ESTATE WINES

Tech Sheet

2016 Semi-Dry Riesling

Varietal Composition: 100% Riesling
Vineyards: 48% Evergreen Lek, 39% Upper,
13% Ernesto Lucie

Final Analysis

Alcohol: 12.0%
Residual Sugar: 14 g/L
Final pH: 2.98
Final TA: 8.8 g/L
Date Bottled: June 10, 2017
Total Production: 294 cases

Harvest Data

Evergreen Lek
Harvested: October 7
Brix: 21.0

Upper
Harvested: September 28
Brix: 21.5

Ernesto Lucie
Harvested: October 10
Brix: 20.5

Vinification

All vineyards hand harvested and vinified separately with RHST yeast
4 month fermentation at about 60°F
Aged on lees for 4 months
Vegan friendly
Sterile filtered at bottling

Vineyards

The Evergreen Lek vineyard is one of our oldest Riesling sites, with just over 1½ acres planted in 1999. The site is made of soils mixed of slate and glacial deposits, perhaps bringing the characteristic minerality to the wines produced from this site.

The Upper vineyard site is two acres of Riesling and is located just slightly east of 20 Rows on the east side of Keuka Lake. Made of mostly clay sediment with dense glacial till, the soils are moderately well-drained as they slope downwards toward the lake.

The Ernesto Lucie vineyard is just opposite the road to the Evergreen Lek vineyard on the west side of the lake. Although these sites are only 20-feet apart, they could not be more different. Ernesto Lucie is still predominately loam-based with small stone fragments but not as steeply-sloped as its neighbor.
