De-stemmed into tank and inoculated with W15

4-days fermented on skins then pressed off into tank to complete fermentation

Racked into neutral French oak barrels for 4 weeks

No fining agents used

Sterile filtered at bottling

Tasting Notes

This wine was made with Beaujolais Nouveau in mind, where we wanted to keep the young wine light and fruity. We pressed it off its skins and seeds before fermentation was finished in order to preserve the fruit and get minimal extraction of phenolics. As a bright, young wine, it has hints of blueberry and dried herbs that are highlighted by its lively acidity.
